CITATION AND NOTIFICATION OF PENALTY

We believe that you violated the Animal Welfare Act (7 U.S.C. § 2131 et seq.) (AWA), as described below.

Date of Violation: July 26, 2014

9 C.F.R. § 3.19(b)(2) Handling.

- (b) Any person handling a primary enclosure containing a dog or cat must use care and must avoid causing physical harm or distress to the dog or cat.
- (2) A primary enclosure containing a dog or cat must not be tossed, dropped, or needlessly tilted, and must not be stacked in a manner that may reasonably be expected to result in its falling. It must be handled and positioned in the manner that written instructions and arrows on the outside of the primary enclosure indicate.

You failed to handle a primary enclosure containing a cat in a manner that avoided causing physical harm or distress, by stacking it in a manner that resulted in its falling to the ground. Your employee stacked a primary enclosure, containing a domestic cat identified as “Dante,” on a cart, in such a manner that when the cart struck a speed bump, the enclosure fell to the ground. The enclosure opened upon impact with the ground, and the cat escaped and was subsequently killed.

The penalty for the alleged violation(s) described above is \$1,571.
